Dr. Joshua Lederberg  
President  
Rockefeller University  
New York City, NY  
U.S.A.

Dear Professor Lederberg:

I'm writing on behalf of the Genetics Society of America to ask whether you would consider writing a brief article in memory of Tracy Sonneborn. I've been in communication with David Nanney who suggested that you be contacted as he felt that you could provide the perspective that would put Sonneborn in some kind of broad framework of genetics. ✓

I write to you with great trepidation as I realize how busy a person in your position must be. At the same time, it was my hope that perhaps it would be something that you might want to do. I would appreciate if you would let me know your decision as soon as possible and if you decide not to, whether there would be any other person you might recommend. Thank you.

Sincerely,

A handwritten signature in dark ink, appearing to read "David Suzuki".

David T. Suzuki  
Secretary  
Genetics Society of America
